NOTES

25X1

USSR - Arms Control: Moscow has instructed its delegation to the disarmament conference in Geneva to request suspension of discussion of a date for adjournment. The Soviet representative had earlier agreed with the US delegation that 28 August would be an appropriate date to adjourn. The most recent instruction suggests that Moscow may be willing to begin bilateral talks with the US on demilitarization of the seabeds. The USSR had previously appeared to be playing for time on the seabeds issue as well as on strategic arms limitation talks.
